- Strong Decision-making skills

Weaknesses:

- Limited experience in Project management

Core Values:

- **Integrity:** We will act honestly and ethically in all our dealings.

- **Commitment:** We will be dedicated to meeting deadlines and producing high-quality work.
- **Respect:** We will treat each other with respect and value each member's contributions.
- **Collaboration:** We will work together, share ideas, and support each other to achieve our goals.

Group Norms and Code of Conduct:

How will you interact with each other?

- Face-to-Face
- MS teams

What are your expectations for respectful and productive collaboration?

- Be available whenever the meeting is planned
- Keep the team updated about any changes
- Share the workload and collaborate with the other team members

Participation and Collaboration for a High- Performing Team:

How will you communicate?

- Face-to-Face
- Online Communication

How often?

- Weekly meetings

How will you provide feedback and recognize the contributions of your colleagues?

- Create a checklist

Communications:

- We will be using face to face communication and zoom platform along with online messaging platforms to communicate.
- The meetings will be held twice or thrice a week.
- We will make sure to discuss among ourselves or consult with the TA during any urgent issues.

Problem Solving:

- **The potential problem:**
 - Finishing the task on time
 - Availability of team members.

- **Solutions**

- It can be solved by creating a checklist and keeping the team updated about the process.
- The absence of any team member should be informed beforehand so that the task of that person can be shared within the team.

Conflict Management:

- Disagreements will be resolved through discussion.
- If conflicts persist, they will be escalated to the tutor for further resolution.
